I Thought I was a 'People Person'....Until I Started Working with People

Why doesn't everyone think like me? Why do certain people bring my evil twin to life? What can I do to keep from committing a felony crime against an aggravating co-worker or family member? Take heart. You are not alone. Sometimes it helps to laugh about our interaction with others while journeying toward solutions. This humorous presentation offers practical and pivotal life skills which will turn our relationships with people in a more positive direction.
